Fall Seminar and Meeting

“A Change of Mind”

Join us for a day long seminar designed to expand our horizons with a vision of the future of patient care. In the morning, we will view a recent webinar from award winning Becky Dorner and Associates on the concept of “culture change” as it applies to the influence of the dietitian and food service director upon patient centered dining.

Our dynamic afternoon speaker, author Francine Grabowski MS. RD, CDE, will conduct a workshop on the exciting and integral role a dietitian can play in delivering nutrition education healthcare for a Patient Centered Medical Home model of care. She will conclude with a discussion of some of her own less conventional pursuits in dietetics.
